

SOS ENCINITAS · SAVE OUR SPACES

Encinitas Manufactured Home Owner's Coalition & Encinitas GSMOL chapter

A fair deal for every manufactured home owner in Encinitas.

We own our homes. We rent the land under them — and we can't just pack up and leave when the rent jumps. SOS Encinitas is a coalition of residents from Encinitas mobile and manufactured home parks working together, with GSMOL, to get a fairness ordinance in front of the Encinitas City Council.

The big ask

Our single, specific ask of the City of Encinitas: place a manufactured-home fairness ordinance on a City Council agenda as a Council-Initiated Item.

Why this matters

A manufactured home can't simply be picked up and moved. When the ground rent jumps, there's nowhere else to go. A **fairness ordinance** isn't a subsidy — it's a balance against a contract that only one side can walk away from. And this isn't a seniors' issue: Encinitas manufactured home parks are all-ages communities.
